Howell, Mich., Jan. 14.-A newly-married man named Amos Dibble, who lives in the township of Oceola, three miles north of Howell, was tendered a "horning bee" last night by a large party of men from the surrounding country. Dibble became frantic with rage at the indignity thus put upon himself and his bride, and being unable to get rid of the noisy mobby protest or entreaty, fired twice from an upper window with telling effect. Edward Mann, who had left his family of a wife and five children to engage in the demonstration, was shot in the head and died within three hours. Nelson Brewer was shot within three hours. Nelson Brewer was shot in the face, and John Walker and Chester Yilling were wounded in the lower parts of their bodies, the former severely and the latter slightly. Great excitement exists and opinions differ widely as to the justifiable-ness of Dibble's vigorous defense of his property and peace.

With the three millions of soldiers ready to march it was impossible for the army to remain crouching with eyes fixed upon a single point. Some degree of mobilization was necessary, if only as a measure of army government and discipline. This speech created a marked sensation, and is generally regarded as injudicious. The effect of the Minister's remarks was heightened by the fact that the German ambassador, Prince

A FRIGHTFUL ACCIDENT

A YOUTH KILLED BY AN ELEVATOR

An Elevator in the Bissell Carpet-Sweeper Factory Comes Down Upon the Young Man's Head.

A sad and distressingly repulsive accident

occurred in the Bissell Carpet-Sweeper fac-

tory at about half-past four o'clock yesterday afternoon. At that time a boy employed in the factory named Gerritt Kersyes, residing at 30 Williams street, was standing near the passage-way of the elevator, which was at the top of the building. The boy stood leaning against a stick which formed a guard across the door-way to the shaft. He did not seem to notice that the elevator was just above him and liable to descend at any moment. He stood with his head bowed down. The approach of the elevator did not disturb him. Just as it was about to descend upon him some one near by noticed the boy's position and called to him, but not in time to save him. The elevator struck him on the back of his head, scraping off the scalp and breaking the neck. Its further movement was stopped by the body of the victim. The elevator was operated by Frank Galke, who claims he shouted at Kerseys as the elevator was coming down. Coroner Bradish and undertaker Dolbee were summoned and the body was taken to the latter's establishment at the corner of Ionia and Fountain streets. The coroner summoned the following jurors: J. B. Williams, L. B. Bradish, J. L. Proud, W. H. White, Martin Woodruff, A. C. Chisholm, who viewed the remains and adjourned to meet this afternoon at 2 o'clock.
